ANNUAL REPORT

OF THE

COUNTY COMMISSIONERS.

CITIZENS OF THE COUNTY OF HILLSBOROUGH:—

Agreeably to the laws of the State of New Hampshire we submit the following report for your consideration, also the reports of the Superintendent of the County Farm and Almshouse, Chaplain and Physician of the Almshouse, County Treasurer, Clerk of the Court, Solicitor, Sheriff, Jailor and Auditors; with a copy of the proceedings of the County Convention:

COUNTY FARM AND ALMSHOUSE.

It will be seen by the Superintendent's report, and the table found elsewhere in the report, that the products of the County Farm for the year ending April 30, 1890, were about the same as the previous year, while the average weekly number supported at the Almshouse has been much larger.

The law as amended by the Legislature requiring a town settlement to be gained after January 1st, 1880, has largely increased the number of persons to be supported by the County at their own homes or at the Almshouses, by which the County expenses have been increased several thousand dollars for which no appropriation was made and which is the principal cause of the increased County debt.

The building of an extension to the stock barn, which ~~was~~ much needed for storing hay and grain, and other repairs ~~referred~~ to in the Superintendent's report, have incurred an expense that could not well have been avoided.

The increase of the number of inmates at the Almshouse suggests the fact that more room and better conveniences for cooking and other work will soon be required.

The present condition of the large three-story wood structure, known as the main building, and the building occupied by insane men indicate that extensive repairs are much needed or new buildings with modern improvements should take their places.

In caring for the unfortunate inmates of a County Almshouse almost every misfortune and disease that mankind are subject to are encountered, requiring constant watchfulness and consummate skill of those in charge.

We are pleased to notice the untiring efforts of Mr. and Mrs. J. Garvin, Superintendent and matron of the Hillsborough County Farm and Almshouse, to ameliorate the condition of those that misfortune has placed in that institution.

The present condition of the stock, the well-filled barns and store-houses at the close of the season, the good condition of the farming tools and the surroundings of the institution indicate that the interests of the County have not been neglected.

We extend to Mr. and Mrs. Garvin our sincere thanks for the kindness with which they have complied with our suggestions and the respect shown us at all times.

We are under obligations to Rev. T. O. Harlow and C. E. Higgins, M. D., Chaplain and Physician of the Almshouse, for their sympathy and kindness to the inmates.

To the Subordinate officers we extend our hearty thanks for their respect to us, their kindness to the inmates, and the faithful service they have rendered in different departments of the institution where several of them have been employed for many years.

COURT HOUSE.

The fitting up of a room in the Court House at Manchester for the Grand Jury at an expense of three hundred and fifteen dollars (\$315.00) was a much needed improvement. We are under obligations to Hon. H. K. Slayton and other members of the committee, to whom the matter was referred, for valuable suggestions.

JAIL.

The increased number of inmates at the jail for the year ending April 30, 1890, and necessary repairs have increased the expenses over those of last year. The institution under the care of Capt. Wadsworth, has been well managed; knowing his experience as a jailer further suggestions seem unnecessary.

Our thanks are due to Captain and Mrs. Wadsworth for the good management of the institution and the respect shown the Commissioners.

WEBSTER C. BROWN,
JOHN F. CLOUGH,
BENJAMIN G. HERRICK,
County Commissioners.

SUPERINTENDENT'S REPORT.

TO THE HONORABLE BOARD OF COMMISSIONERS FOR HILLSBOROUGH COUNTY:

Gentlemen:—In reviewing the events of the year just closed, I recall nothing of especial significance to report; the year has been one of prosperity for the Institution and its inmates.

We have had a larger family than usual to provide for, and, although the death rate is greater than last year, the increase was caused by the death of eleven infants all under one year of age.

The crops were satisfactory; the main ones, hay, potatoes and ensilage corn being equal to last year, while the amount of beef killed on the Farm is three times as large, and the amount of pork about the same as last year.

I can say with confidence and some degree of pride, that the water supply was never so abundant, nor the flow into the reservoirs so large and sure as at present.

In former years much time has been expended in driving stock to the brook for drink, and also in drawing water in hogsheads from the brook, for cooking, washing and other purposes at the buildings; now all this is at an end. During the past year we laid new pipe from the wind-mill and rams to the reservoirs, had the mill thoroughly overhauled and repaired; the new rams which had refused to work put in complete running order; both wind-mill and rams now work satisfactorily and we have an abundance of water at every place about the Farm or buildings wherever it is required.

The balance against the Farm is large, but taking into consideration the amount paid for permanent improvements such as an extension of twenty-eight feet to the large barn; building a new ash house; entirely rebuilding and cementing the two large

reservoirs ; tearing out the old and decayed plank and timbers in the hog house and putting in new and substantial pens ; putting in a new tank, and otherwise improving the men's bathing room ; laying fifteen hundred feet of new two-inch pipe from the wind-mill and rams to the reservoirs ; replacing the service pipe that supplied the buildings, with new and larger size, and other expensive improvements which you are perfectly familiar with ; and the increase in the cost of running the institution the past year is accounted for.

In closing I desire to thank the publishers of the Nashua Telegraph, Wilton Journal, Amherst Cabinet, Every Other Sunday, American Messenger and Hillsboro Messenger for copies of those papers, which have been furnished to the institution free of cost for several years. I also thank those friends who have shown their interest in the inmates by contributing magazines, illustrated and other newspapers for their use.

Thanking you, gentlemen, for your consideration and interest at all times manifested, I respectfully submit my report.

JEREMIAH GARVIN,
Superintendent.

PHYSICIAN'S REPORT.

TO THE HONORABLE BOARD OF COMMISSIONERS FOR HILLSBOROUGH COUNTY:

Gentlemen :—During the several months since I became medical attendant at the Hillsboro County Almshouse there has been, probably, an unusual amount of sickness.

In addition to a large number of chronic cases of disease there was during the last part of the fall and the first of winter, an epidemic of scarlet fever; about forty cases closely followed by a general epidemic of influenza, the latter causing numerous deaths, it being especially fatal to the very old or young and those peculiarly enfeebled by disease on account of the great frequency of pulmonary complications.

I would urge the necessity of increased hospital accommodations, at least to the extent of providing for the better isolation of contagious diseases.

The general cleanliness of the entire institution is well worthy of commendation.

Thanking you for your courteous treatment this report is respectfully submitted.

C. E. HIGGINS, M. D.

CHAPLAIN'S REPORT.

TO THE HONORABLE BOARD OF COMMISSIONERS FOR HILLSBOROUGH COUNTY:

Gentlemen :—Religious services have been held at the Institution during the past year as usual, with a good degree of interest manifested on the part of those present.

I consider that these services have not been in vain, because to those who love the Lord they have been a tarrying time, when they could sit at the feet of Jesus, and think of those things which pertain to everlasting life. But to the careless and unconcerned, they may perhaps have been danger signals pointing out to them the "one thing needful."

The law of love which our Saviour manifested and taught while on His errand of mercy we are to practice even here; and to consider every one as our neighbor.

I am grateful that there are those among the officers at the Institution gifted with the love of music, who have kindly assisted in making these services more attractive. I am also glad to witness the religious spirit which characterizes those in charge of this Institution, and in making this report I wish to show my appreciation of the assistance rendered by the Superintendent and the Matron in performing my duties.

Respectfully submitted,

T. O. HARLOW, Chaplain.

SOLICITOR'S REPORT.

TO THE HONORABLE BOARD OF COMMISSIONERS FOR HILLSBOROUGH COUNTY:

Gentlemen:—I herewith submit my annual report as County Solicitor for the year ending May 1, 1890. During this time I have received no money belonging to the County, all fines and costs having been paid to the Clerk of the Supreme Court.

The civil suit which the County brought last year against the town of Brookline to recover some six hundred dollars paid for the board of Catherine Rockwood at the Asylum for the Insane, is still pending.

At the beginning of the year there were eighteen continued criminal cases on the criminal docket of this County. To this number there were added during the year by indictment one hundred and ninety-nine, and by appeals from justice and police courts fourteen more, making in all two hundred and thirteen cases upon the criminal docket in this County during the past year.

These cases have been disposed of by trial and otherwise, with the exception of about twenty cases which have been continued at the March Term of the Supreme Court in this County.

Upon the petition of the Manchester Citizens' League, a number of suits for injunctions under the nuisance act were instituted against Manchester liquor dealers and building owners. The Grand Jury having refused to grant indictments on the same evidence upon which the injunction cases depended, the Citizens' League then withdrew the injunction cases from the court. The Citizens' League at the same time withdrew from court other injunction cases which had been adversely affected by the decision

of the Supreme Court, and certain forfeiture cases which they had caused to be brought; and they now have no cases in court instituted by them or brought at their request.

In Nashua, David Stevens and others instituted a number of injunction cases against Nashua liquor dealers and owners of buildings. These cases were prosecuted to final judgment against the defendants and injunctions issued.

ROBERT M. WALLACE,

May 1, 1890.

Solicitor.

The undersigned, Auditors for the County of Hillsborough, having attended to their duties report that they have examined the accounts of the County Commissioners, Superintendent at the County Farm, County Treasurer, and the bills, notes, coupons, and payments made therein and find that said accounts are properly cast and well vouched, and they also find in their judgment, the sums named in said vouchers and payments are according to the market values of the articles charged therein, and that said articles have been used for the benefit of the County.

REPORT OF THE COUNTY CONVENTION.

JUNE SESSION, 1889.

JUNE 12th, 1889.

Agreeably to the requirements of the General Laws, the Representatives of Hillsborough County met in the Hall of Representatives on the twelfth day of June instant, after the morning session of the Legislature.

The convention was called to order by Samuel D. Lord of Manchester.

On motion of Cyrus A. Sulloway of Manchester Isaac L. Heath of Manchester was chosen chairman of the convention for the ensuing two years.

On motion of Charles H. Dunlap of Nashua, Jeremiah J. Doyle of Nashua was chosen clerk of the convention for the ensuing two years. Jeremiah J. Doyle appeared and took the oath of office, before Samuel D. Lord of Manchester, as required by law.

The report of the County Commissioners for the year ending 1889 was laid before the convention and also the recommendation of the same board as to the amount necessary to defray the expenses of the County for the years 1890 and 1891.

George A. Cochran, chairman of the Board of Commissioners, and also W. C. Brown and A. G. Fairbanks, members of said board, came before the convention and explained the increase of the County expenses and also the increase in the cost of the support of paupers for the past year or more, and stated that the main cause was largely due to the "Soldiers' Relief Law," so called. On motion of Samuel D. Lord of Manchester the report and recommendations were referred to a sub-committee of

three to be appointed by the chair, and to report at some future time. The chairman appointed the following named gentlemen to serve on said sub-committee, Senator George H. Stearns of Manchester, Charles H. Dunlap of Nashua and Martin H. Fisk of Temple.

Senator George H. Stearns of Manchester called for the auditors' report and the same was read to the Convention by H. K. Slayton of Manchester, and Mr. Slayton offered certain recommendations to the Convention as to the floating debt, that is to say, whether it was advisable to let the floating debt continue or adopt a funded debt at 3 or 3 1-2 per cent. No action was taken upon Mr. Slayton's recommendations.

On motion it was voted to adjourn to meet at the call of the chairman.

JUNE 12th, 1889.

The convention met at the call of the chairman and by him was called to order in the Hall of the Representatives at two o'clock in the afternoon.

An invitation was received from the board of Commissioners to visit and inspect the County Farm and buildings at Wilton, on Friday the 21st day of June instant.

On motion it was voted to accept the invitation.

On motion it was voted to adjourn to meet at the call of the chairman.

JEREMIAH J. DOYLE,

Clerk of the Convention.

JUNE 21st, 1889.

The Hillsborough County delegation visited the farm at Wilton pursuant to the vote of June 12th instant. The trip was made in a special car from Manchester via Nashua to East Wilton and from that point to the farm by barges, all of which was furnished by the Commissioners. The party consisted of members of the

convention, County officers and invited guests; shortly after arrival at the Farm, a very elegant and elaborate dinner was served to the party by the Superintendent and Matron, aided by the Commissioners. During our visit the Farm and stock were inspected and all seemed to bear the stamp of thrift and good management. The Farm buildings and the condition of the paupers were inspected. The former appeared cleanly and the latter well cared for. The privies in the out-buildings ought to be kept in better condition, the same being the only correction which seemed to demand the immediate attention of the Superintendent or his proper servants to remedy.

No formal meeting of the Convention was held.

Clerk of Convention.

JULY 2d, 1889.

The Convention met at the call of the chairman and by him was called to order in the Hall of the Representatives on the second day of July instant, after the morning session of the Legislature.

Col. Dana W. King, Register of Deeds for the County of Hillsborough, appeared before the Convention and explained the condition of several volumes, stating that many were faded, so much so, that you could hardly read the subject matter, and produced a volume which was hardly legible in many places, and it was unanimously agreed that the faded records must be copied and that at least one thousand dollars should be appropriated for the copying of such faded records as may be actually needed, and the whole matter to be under the control and supervision of the County Commissioners for said County of Hillsborough, Col. King stating that he would do the indexing gratis.

It was moved by J. J. Doyle of Nashua that the sum of one thousand dollars be appropriated for the purpose of copying faded records, and that the same be under the management of the County Commissioners, and that the sum of five-hundred dollars for the year 1890 and 1891, be expended for said copying of said

faded records.—Carried. It was voted to add two more members to the sub-committee on appropriation; the following named gentlemen were added to said sub-committee: Mr. Sulloway of Manchester and Mr. McIntosh of Peterborough. The sub-committee on appropriation was not ready to report.

The County Commissioners presented their recommendations as to the amount of money to be appropriated for the year 1890 and 1891, and the same was referred to said sub-committee.

On motion it was voted to adjourn to meet at the call of the chairman.

Clerk of Convention.

JULY 30th, 1889.

The Convention met at the call of the chairman and by him was called to order in the Hall of Representatives on the thirtieth day of July instant, after the morning session of the Legislature.

Ebenezer W. McIntosh of Peterborough called up the question "whether we had better make the appropriation for two years or otherwise," and after long discussion, it was moved by the same gentlemen and carried, that we make the appropriation for two years. Mr. McIntosh called up the question as to whether we had better bond the floating debt or not; after the subject was thoroughly discussed it was finally voted that no action be taken on said question. Commissioner Fairbanks then addressed the convention and explained the expenses of the County, and its increase in that direction, very carefully and minutely, said Commissioner answering such questions as were propounded to him relative to the condition of the County.

After the addresses, the following report of the sub-committee on appropriation was submitted to the convention, to-wit: The sub-committee on appropriation do recommend that the amount asked for by the County Commissioners for the County of Hillsborough, be granted.
